SUPER AUTOMATIC BLUEDOT ESPRESSO MACHINE INSTALLATION GUIDE

NOTE: ESPRESSO MACHINES SHOULD BE LOCATED NEAR TO A SINK AS POSSIBLE TO ALLOW GRAVITY TYPE DRAIN TO FLOW. UNITS CANNOT BE LOCATED ABOVE DISHWASHERS OR REFRIGERATORS IF USING GRAVITY TYPE DRAIN. SEE ILLUSTRATION BELOW

Machine Specifications

Width 14"
 Depth 21"
 Height 24"
 Electrical 110v 50/60 hz
 1400 watts
 Weight 55 lbs dry

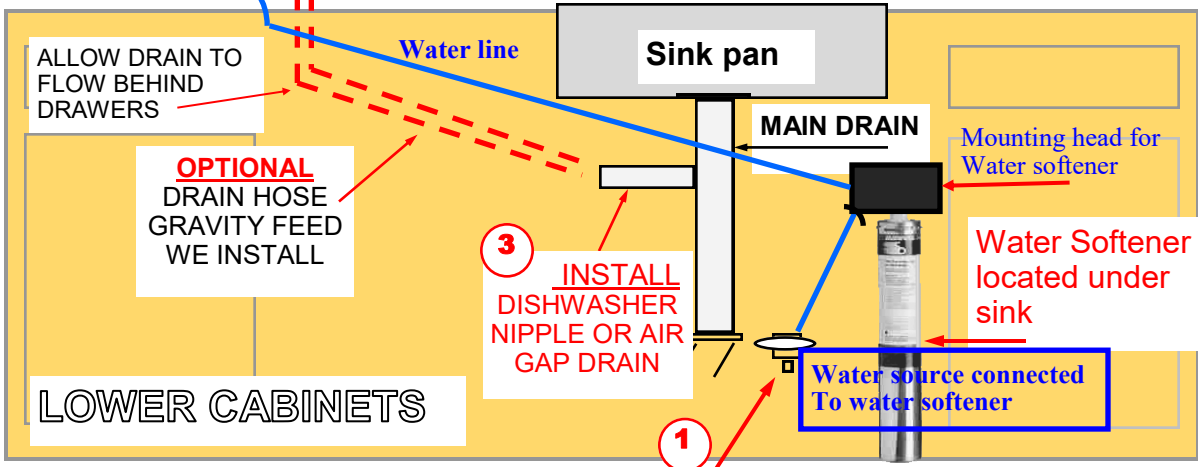

Espresso Machine cannot be located above a dishwasher **If using drain hookup**

Allow adequate clearance above Espresso Machine. Refer to your model for dimensions, usually 32 inches is required to be able to fill coffee hoppers

2 A 110Volt, 20 amp dedicated outlet is required

Unit is equipped with self contained drain pan. It can be connected to a dishwasher nipple off the main drain in order to not empty when full

PURCHASER IS RESPONSIBLE FOR:

- 1. WATER SOURCE**
- 2. ELECTRICAL SOURCE**
- 3. DRAIN ACCOMMODATIONS**

LOCATE WATER SOURCE UNDER SINK, 3/8" COMPRESSION GATE VALVE IS PREFERRED.
